VIGOROUS CAMPAIGN IS PLANNED BY ASSOCIATION.

The plan of campaign of the Michigan anti-tuberculosis association, as outlined by Dr. E. R. Vander Slice, the new secretary, is an ambitious one. As soon as the Fall campaign for the Red Cross Seal sale has advanced a little further, the new drive against tuberculosis in Michigan will be opened. The campaign includes the following:

(1) To get in touch with every Michigan soldier found to be tuberculous on examination by the experts both at Waco, Texas, and later at Camp Custer and to furnish them with literature on the subject and to direct them in proper treatment whenever possible. This is not im-

possible since Michigan is to furnish at least a part of the quota of expert examiners at the Michigan National Guards at Waco and also for the Drafted army camp at Camp Custer.

(2) To urge in every way possible to help establish joint county sanatoriums in all parts of the state.

(3) To work for an increase of visiting nurses in all counties; and

(4) To help establish free tuberculosis clinics in every county in Michigan.

That is the program which Dr. Vander Slice will work out. It builds in a general way on the foundation laid in the recent state tuberculosis survey and its aim will be to give permanent value to the work that was done by that commission throughout Michigan.

DECKER REAL ESTATE BUSINESS CONTINUED BY BOYS.

As announced last week, the real estate business of the late M. L. Decker will be continued by the Decker Brothers, Royal and Verne. The office will be moved from the Dyckman house to the room adjoining the Chappell cigar store on the east. During the years that M. L. Decker has been in this business here, a large and lucrative business has been built up. The boys have both been in close touch with all phases of the business, and The True Northerner predicts for the new firm, a worthy and successful successor to the old.

JUMBOS MUST HAVE WEIGHT SHIPPER'S NAME & ADDRESS.

One important feature of the new law relative to packing and shipping of grapes is evidently not well understood by all shippers. The feature in question requires all Jumbo Baskets to bear the name and address of shipper, and also the minimum weight of the grapes contained therein. The new law makes this imperative and obligatory.
